Education

Rosebank College Braamfontein
Johannesburg, South Africa
Software Development

Technical Skills

Programming Languages:

Java
JavaScript
C#

Web Technologies:

HTML
CSS
PHP

Database:

MySQL

Objective

As a passionate entry-level software developer, I seek to leverage my programming and problem-solving skills to contribute to innovative projects. With a flexible and persevering approach, I am dedicated to tackling complex challenges and continuously improving my abilities. I am eager to learn from experienced team members and contribute to a collaborative environment, setting clear goals, communicating effectively, and building a strong reputation in the software development field.

My projects

Contract Monthly Claim System

- Developed a system to manage monthly claims for independent contractor lecturers using C#, .Net Assemblies, WPF, and MySQL. Enhanced user experience through intuitive design and efficient data management.

Online store

- Created a web application for branded used clothing using JavaScript, HTML, CSS, PHP, and MySQL. Implemented features for product listing and shopping cart functionality.

Student management system

- Created an application for managing student information for a college using Java, PHP and MySQL. Focused on user-friendly interfaces and data accuracy.

Experience

Responsibilities:

- Wrote clean, maintainable code and participated in code reviews.
- Suggested and implemented improvements based on feedback.
- Engaged in debugging, testing, and version control practices.
- Collaborated with cross-functional teams and learned new technologies.

Soft Skills

- Effective problem-solving
 - Pragmatic approach to challenges
 - Clear and concise communication
 - Proactive and detail-oriented
 - Strong analytical skills
-

Role

Eager to contribute as a software developer in a dynamic startup, willing to work in various departments within the software development field, gain extensive experience, and excel in multiple roles across different areas of software development.
